

Information letter

Dear colleagues!

Faculty of Basic Medicine, Lomonosov Moscow State University and State Research Center – Institute for Biomedical Problems, Russian Academy of Science would like to invite you to participate in the work of the VII Russian National School with International Participation on Muscle and Exercise Physiology «New approaches to studying of classical problems».

The meetings of the School will take place at the Faculty of Basic Medicine, Lomonosov Moscow State University on January 29th - February 1st, 2013.

School program includes the symposiums on the following problems:

- Technologies of the future in neurorehabilitology
- From molecular physiology of muscles to molecular therapy of muscular diseases
- New technologies in exercise physiology

The program of the School includes presentations of the leading experts in physiology, cell physiology, biochemistry and rehabilitology.

In the framework of the school presentation of free papers in oral or poster forms (15-20 or 5 minutes, respectively, on the report and discussion) will be organized.

Abstracts of reports will be published.

The scientists, post-graduate students, teachers, interns and students are invited to take part in School on Muscle and Exercise Physiology «New approaches to studying of classical problems».

Sessions and workshop program based on abstracts received will include lectures, oral and poster presentations.

Applications for participation in the school and abstracts are accepted until **November 1st, 2012.**

To send the application form and abstract please fill in an electronic form shown on the website of the conference : <http://mep.imbp.ru> The number of

authors should not exceed 5 persons from 3 institutes. Abstract is restricted to 1500 characters including spaces without title, authors and institutes.

Poster size is A1 (90X60 cm) format is portrait.

The receipt of your abstract will be confirmed by e-mail.

The organizing committee asks your assistance in distribution of information on carrying out School conference among colleagues.

If you have questions or problems with on-line registration please contact the secretariat by e-mail mep.imbp@gmail.com for instructions. Fill the field subject with the note "School2013". Letters without such mark won't open and, in order to avoid personal computer infection with viruses, will be destroyed.

All the information on the school will be placed on its official website
